

Hillfield expands with new organic and vegan products.

Hillfield widens its range of organic store cupboard favourites with new exciting lines of products: organic 100% nut butters, organic vegan mayo and a variety of organic vinegars.

Hillfield 100% Nut Butters are a selection of organic nut butters made with no other ingredients than 100% nuts, free from any additives, including Smooth Peanut Butter, Super Crunchy Peanut Butter and Smooth Almond Butter. Pure nutty indulgence!

Hillfield Vegan Mayo is made with organically grown chickpeas. It is a plant-based alternative that saves half an egg per jar. With 30% less fat than traditional mayo, it offers a delicate texture and is egg-free.

Hillfield Organic Vinegars are crafted through natural fruit fermentation, free from added sulphites. This vinegar range is available in red wine, white wine, pomegranate, and apple cider variants. Each one benefits from a unique palette resulting from the fermentation process.

New Hillfield organic products perfectly complement Hillfield's existing staple range of organic beans, free from salt, calcium chloride, EDTA, and ascorbic acid; organic 100% Italian tomatoes, with no salt, citric acid or calcium chloride added; no-sugar ketchup, crafted with 15 organic Italian tomatoes and 3 apples - providing a diverse range of delicious, health-conscious store cupboard favourites.
